PUBLIC WORKS.

(*Nos. 639 to 641.*)

SUBJECT No. 639.

Ane near Muthugarahalli.

Mr. Tippeswamy, Molakalmuru taluk.

Summary of Representation.—For want of a good tank in the Kamarakaval State Forest, cattle are led to the several villages from which they go to the forest to drink water. If an *ane* is constructed across the *halla* running close by, not only the wants of the village cattle will be met, but also facilities will be afforded for irrigating an extensive area in those parts.

SUBJECT No. 640.

Ane at Narnapur.

Mr. T. Mallappa, Challakere taluk

Summary of Representation.—For want of rains, the several tanks in the Parasurampur hobli do not receive a sufficient supply of water for the past several years; consequently wells by means of which wet cultivation is undertaken to a large extent in this hobli fail to supply the usual quantity of water. It is therefore prayed that an *ane* may be constructed at Narnapur across the Vedavati river in order to feed a series of tanks lower down.

The pump proposed to be installed at Chaulur may not materially benefit the ryots.

SUBJECT No. 641.

Metalling roads.

Mr. Madar Sab, Gubbi taluk.

Summary of Representation.—Out of the 4 yards width of every road that has to be metalled, the former practice was to metal two yards first to the full length of a furlong and consolidate and gravel before the other half of the road was taken up for metalling, thus affording convenience for traffic. Subsequently, the full width of 4 yards of the road for a length of 20 yards was being attended to in a day and this work completed before proceeding further. The full width of 4 yards to the entire length requiring to be metalled is now being metalled all at once and the rains waited for, for consolidation and gravelling. This creates inconvenience to people and especially to unshod bullocks. It is now prayed that the original practice be continued.

RAILWAYS.

(*Nos. 642 to 657.*)

SUBJECT No. 642.

Motor service from district funds.

Mr. A. Guru Rao, Kadur District Board.

Summary of Representation.—It is prayed that motor service may be introduced for the convenience of travellers and for the carrying of mails into those places where railway service is not available.

SUBJECT No. 643.

Mysore-Hassan railway line to pass *vid* Chunchankatte and Saligram.

Messrs. Hiranyappa and Boregowda, Yedatore taluk.

Summary of Representation.—To facilitate traffic, the proposed railway line from Mysore to Hassan may be made to pass through Chunchinkatte and Saligram.
